

Buenos Aires, October 20th 1986

Dear Dr. Y. Quéré:

Some days ago, I've already sent you this information, but as there has been a partial postal strike, I'm sending you another copy.

I'm enclosing some information, that I hope you can understand, on the possibility that some of the crimes performed during our last militar dictatorship are declared prescribed and a copy of a petition on the subject.

The text of the petition is nearly as follows:

"Those who undersigned, request that all the legal and parliamentary steps are taken in order to AVOID that as a consequence of time going by or of a tendentious interpretation of laws, the crimes, committed by those who where authors of the genocide suffered by our people during the last militar dictatorship, prescribe."

This petition will be addressed to the judges of the Supreme Court and of the Federal Chambers and to the legislators.

If you think that some of the people interested in problems related to human rights would support this petition, we will appreciate if you can forward the enclosed petition to them to be signed and then send it to

Asociación de Ex- Detenidos Desaparecidos
Rivadavia 4509- 7°- 95
Buenos Aires 1429
ARGENTINA

Thank you very much for your interest in the matter.

Cordially,

Hilda Lauza & Dussel
